The ordinary (surface) rates of postage apply to all classes of mail conveyed to and from other Post Offices in Canada served by air stage service not included in the foregoing list.

NOTE.—Schedule D—Aiyansh, second class matter, ordinary surface rates.

(4) **Card No. 32 to be Sent to Senders When Parcels are Undeliverable.**—Postmasters are reminded that in cases where a parcel, including C.O.D.'s, bearing the name and address of the sender, fails of delivery, they are to hold the parcel and immediately advise the sender on Card 32 of the reason for non-delivery, at the same time asking for instructions as to disposal of the parcel.

This procedure is to be followed in each case where parcels, including C.O.D.'s, prove to be undeliverable. In addition to forwarding Card 32 for the information of the sender, the cover of the parcel is to be endorsed with the date on which Card 32 was forwarded.

The foregoing applies only in the case of parcels mailed in Canada for delivery in Canada.

(5) **Rates of Postage on Photographs and Negatives.**...The attention of Postmasters is directed to the fact that photographs on cardboard or paper, that is, prints or snaps, may be mailed at the third class matter rate of 2c. for the first two ounces and 1c. for each additional two ounces or fraction thereof, provided the envelopes are unsealed.

Photographic negatives on film or plates, however, are not classified as third class matter, but are liable to parcel post rates and when negatives are enclosed in a package containing photographs, the package is rendered liable to the parcel post rate of postage.

## AMENDEMENTS TO 1952-53 CANADA OFFICIAL POSTAL GUIDE

### PART I

Postmasters will amend their copies of the Postal Guide as follows:

*Page 131*—Section 624 (c) substitute the following:—

The United States Service notifies publishers in Canada by means of form 3579 (endorsed "3¢ postage due") when copies of publications addressed to the United States are undeliverable. In each case 3¢ postage due must be collected from the publisher and postage due stamps to that amount affixed to the form and cancelled before delivery.

In accordance with Hungarian regulations, an addressee may not receive more than one gift parcel a month and the total weight of the gift parcels which he receives from all sources during any one year may not exceed 40 kg. (about 88 lb) unless he obtains an import licence. The quantities of food, clothing and certain other articles which the addressee may receive in a year is also limited.

Gift parcels may contain only goods for the personal use of the addressee or a member of his family living at the same address.

A certificate of disinfection must be enclosed in parcels containing new or used clothing and a notation to this effect made on the wrapper in the Hungarian, or the French language.

In order to obtain delivery free of customs duties the addressee of a gift parcel containing medicines must furnish evidence that the parcel is a gift and must in addition present the Hungarian Customs authorities with a certificate that they or members of their family have need of the medicines.

Gift parcels which do not comply with Hungarian regulations are liable to be returned to senders at their expense. ## INFORMATION FOR POSTMASTERS

(1) **New Post Office—Negginan, Manitoba.**—A new post office has been established at Negginan, Manitoba, and will be served from November to May inclusive by the Winnipeg—God's Lake Air Stage Service on a frequency of one round trip per month.

The rates of postage applicable to mail conveyed to and from Negginan Lake during the above period are as follows:

First class matter.....	4¢ for the first ounce, 2¢ each ounce after.
Second class matter.....	When mailed by the public— 2¢ first 4 ounces and 1¢ each additional 4 ounces, or fraction of 4 ounces, to each separate address, When mailed from the office of publication or from news- dealers to subscribers— 4¢ per pound.
Third class matter.....	2¢ first 2 ounces and 1¢ each additional 2 ounces or fraction thereof, to each separate address.
Parcel Post.....	20¢ for the first pound and 15¢ for each additional pound or fraction of a pound.

(2) **Packages Containing Raw Furs.**—Postmasters are reminded that packages of raw furs, if addressed for delivery outside the province of mailing, must have attached to the covering a permit from the Provincial Authorities covering the shipment, otherwise the Postmaster must not accept the parcel for mailing. This does not apply to such parcels mailed in Prince Edward Island.

See Section 340 of the Postal Guide.

(3) **Transmission of Day-Old Chicks by Parcel Post.**—As the season is about to commence during which live day-old chicks may be shipped at parcel post rates at the risk of the sender to places within Canada and the United States, Postmasters are requested again to read the section on page 47 of the Canada Official Postal Guide, outlining the manner in which such shipments should be prepared before acceptance for transmission by mail.

(4) **Paraguay—Prepayment of Air Mail.**—Information has been received from the Postal Administration of Paraguay that prepayment of postage on air mail originating in that country is indicated by the impression of a special stamp reading "Taxe Perçue G. . . ." in accordance with the air mail Convention of Brussels. The amount of postage collected would be entered in the space provided in the stamp impression.

Air mail arriving in Canada from Paraguay bearing an impression of the stamp in question should therefore be delivered to the addresses without additional charge.

(5) **Shortpaid Surface Letters for Japan and the Philippine Islands.**—The attention of postmasters was directed in the July 1953 Supplement to the fact that surface letters for delivery in Japan and the Philippine Islands in considerable numbers were reaching Vancouver prepaid at the rate of 4c. for the first ounce and 2c. for each additional ounce, instead of 5c. for the first ounce and 3c. for each additional ounce.

Such shortpaid letters are still being received at Vancouver, the majority originating in Eastern Canada. Whenever possible mailers should be specially reminded of the correct postage rates to Japan and the Philippines, in order to overcome this irregularity.

(6) **Argentina—Counterfeit International Reply Coupons.**—The Postal Administration of Argentina announces that counterfeit International Reply Coupons bearing the name of that country have been placed in circulation.

The following differences have been observed between the counterfeit issue and the genuine Reply Coupons issued by the International Bureau at Berne:

1. The paper on which they are printed is different; it appears more oily and more flimsy.
2. The security background design is printed in pale yellow instead of orange.
3. There is no watermark in the paper. The genuine Coupons have as a watermark the large letters "UPU", visible if the Coupon is held up to the light, or against a dark background.
4. The design, the form of the letters, the position of the headings, etc., also differ from those of the Coupons printed at Berne.

International Reply Coupons from Argentina should be carefully examined when presented at post offices for exchange for Canadian postage stamps in order to make certain that they are authentic. Counterfeit Reply Coupons are **not** to be exchanged.

(7) **Western Germany—Gift Parcels.**—The authorities of the Federal Republic of Germany have announced the following regulations applicable to gift parcels destined to Western Germany and the three Western Sectors of Berlin from abroad:

#### I. PROHIBITED ARTICLES—

1. Tobacco, tobacco products and cigarette papers.

(8) **Similarity in Post Office Names.**—Care should be exercised in the sortation of mail for Sardis, B.C. and Sirdar, B.C.; Radium Hot Springs, B.C. and Port Radium, N.W.T.

(7) **Similarity in Post Office Names.**—The Postmaster Crescent Beach, B.C., advises that mail is frequently received at his office, which was previously handled at other Post Offices of similar name, such as Crescent Valley, Crescent Spur and Creston, B.C. The name of the Crescent, B.C., Post Office was changed to Crescent Beach, B.C., in December 1951.

It is also observed that mail originating in Ontario and Eastern Canada, although correctly addressed to Crescent Beach, B.C., has frequently been returned to sender endorsed "No such address". In addition other mail has had the "Beach" portion of the address deleted and "Valley", etc., substituted.

Particular care should be exercised in the handling of mail addressed to Crescent Beach, B.C.

The Postmaster, Raven, Alberta, advises that a considerable amount of mail is received at his office intended for a former Post Office Ravine, Alberta, which was closed on the 29th November 1952 to Wildwood, Alberta.

Particular care should be exercised in the handling of mail addressed to Ravine, Alberta.

The Postmaster, Elva, Manitoba, advises that numerous pieces of mail addressed to Elma, Manitoba, are being received at his office. Elma is a non-Post Office point on the A.S. & W. R.P.O. and is served by Janow, Manitoba, Post Office.

Care is to be exercised in the sortation of mail for the following Post Offices:

Shortpaid, overweight or otherwise irregularly prepared articles must not be accepted, but the mailers are to be informed of the rates and regulations applicable to such mail.

**(9) Registered Letters Mailed in an Unsatisfactory Condition for Delivery in the Orient.**—Complaints in regard to the condition of registered letters received in the Orient from Canada are frequently made to the Vancouver Exchange office. These involve costly investigation in order to ascertain the facts for the Administration of origin.

It appears that registered letters mailed by Chinese residents of Canada are frequently enclosed in envelopes bearing poorly affixed paper strips or an excessive amount of mucilage in an effort to seal the flap securely. Such action may give the impression that the articles have been opened and resealed and the attention of mailing offices is therefore directed to section 596, page 127 of the Postal Guide reading as follows:

"Every article presented for registration should be enclosed in a strong envelope, securely fastened. REGISTERED LETTERS SHOULD NOT SHOW SIGNS OF HAVING BEEN OPENED AND REFASTENED BEFORE POSTING. A Postmaster may decline to accept for registration a letter insecurely fastened or otherwise in unsafe condition".

When letters are tendered for registration, they should be carefully examined, and if the envelopes bear excessive musilage, or have paper patches roughly gummed thereon, the senders should be cautioned against mailing the letters in such a manner, and warned that if no improvement is shown it might be necessary to refuse to accept such letters.

If registered letters are closed with well affixed paper strips or seals the date stamp should be applied across the edge of the seal and the envelope to show that the article was affixed when the letter was mailed.

**(10) International Parcel Post—Parcels Not to be Accepted Without Non-adhesive Customs Form 15B and Despatch Note Form 16B.**—With reference to the notices on this subject in the Monthly Supplements of September and November 1953, it is reported that parcels for countries which require these forms are still being received at Despatching Exchange Offices without non-adhesive Customs Declaration form 15B and Despatch Note form 16B.

Postmasters and all others concerned are again reminded that parcels for delivery in countries which require these documents (as indicated in the Postal Guide from page 158 to page 327) are not to be accepted from mailers, or forwarded to the Exchange Office for despatch overseas, without the required documents.

Care is also to be taken to ensure the secure attaching of the non-adhesive forms to the parcels as explained in the notice in the Monthly Supplement of September, 1953, to prevent loss in transit.

A clear impression of the date stamp should also be placed on every parcel intended for transmission abroad at time of mailing.

**(11) Parcels for Personnel of the BAOR—Tobacco Prohibited.**—By order of the military authorities, the enclosure of cigarettes or tobacco in any form in parcels or letter packets addressed to members of the BAOR or their families in Germany is prohibited.

Interested mailers should be informed accordingly.

**(12) Packing of Parcels Containing Canned Goods Addressed to Great Britain.**—Information has been received from Great Britain that parcels from Canada containing canned goods are being received from Canada in damaged condition due in most cases to inadequate packing.

Canned goods should not only be placed in strong cartons or boxes of substantial quality but should contain sufficient cushioning material (waste newspapers, etc.) to pack the contents tightly and prevent their loosening in transit, and to avoid the ordinary risk of damage by shock or crushing. The box or carton should be securely tied with strong cord.

Postmasters are requested to bring the matter of proper packing of canned goods to the attention of prospective mailers whenever possible.

It should be emphasized that methods of packing which provide satisfactory protection for domestic parcels may prove utterly inadequate for overseas shipments.

Accepting employees should not hesitate to reject parcels whose packing appears inadequate.

**(13) Israel—Customs Declarations.**—Information has been received from the Postal Administration of Israel that Customs declarations accompanying parcels containing foodstuffs addressed to Israel are being received in that country not properly completed.

The attention of mailers of parcels for Israel and other countries should be drawn to the fact that the contents of parcels should be listed in full on the Customs declarations, showing the type, weight and value of each article. A general description of contents as "Canned goods" or "Food" is not sufficient to meet the requirements of the country of destination.

**(14) Poland—Gift Parcels and Letter Packets Liable to Customs Duty.**—Information has been received from the Postal Administration of Poland that the contents of gift parcels and letter packets are now subject to Customs duty in that country.

It is understood that duties levied are considerable. Mailers may consult the International Trade Relations Branch, Department of Trade and Commerce, Ottawa, for any particulars of these charges which may be available. If the return, at the expense of the mailers, of parcels which can not be delivered in Poland is not desired instructions to treat the articles as abandoned should be inserted in the space provided on the Customs Declaration form 91B and Despatch Note form 16B at time of mailing.

The following articles are however, admitted duty free if the addressee holds a permit from the Polish health authorities and the articles are required by him or a member of his family:

Electrical hearing aids.  
Surgical belts, hose, etc.

**(15) Air Parcel Post and Air Letter Packet Service to Other Countries—Documents Required.**—

The receipt at despatching exchange Offices of air parcel post articles and air letter packets for transmission to other countries not provided with the proper documents indicates that this matter is not given sufficient attention at certain post offices of mailing.

When accepting air parcel post articles or air letter packets for delivery abroad, it should be emphasized to mailers that these articles must be accompanied by the necessary documents, fully completed as required by the regulations:

1. **AIR PARCEL POST**—prepaid at the air parcel post rates according to country of destination must bear adhesive Customs Declaration form 91B, as well as non-adhesive Customs Declaration form 15B and Despatch Note form 16B where necessary.
2. **AIR LETTER PACKETS**—prepaid at the usual air letter rates according to country of destination up to the weight limit of 4 lb. 6 oz. must bear a green Customs label No. 185.

The blue air mail label "By Air Mail—Par Avion" is also to be affixed to both air parcel post and air letter packets to identify them as air mail.

**(16) Argentina—Prohibitions.**—The following articles are prohibited entry to Argentina by mail:

Bank Notes, coins, and securities payable to bearer; jewellery, pearls, precious stones and valuables.

If presented for mailing such articles are not to be accepted for transmission to Argentina, but explanation should be made that the authorities in Argentina do not admit them by letter mail or parcel post.

## INFORMATION FOR POSTMASTERS

---

(1) **Air Stage Service, Rimouski, P.Q.—North Shore of the St. Lawrence Discontinued.**—The Winter Air Stage Service, operating between Rimouski and the North Shore of the St. Lawrence River (CAM 42) in air mail schedules, has been discontinued for the present season.

The Summer Air Stage Service, Rimouski-Baie Comeau-Sept Iles, CAM 17, and Sept Iles-Havre St. Pierre, CAM 18, are now in operation.

Only first class mail and air parcel post are conveyed over these air mail services. Other classes of mail are conveyed by surface transport at the ordinary rates of postage.

(2) **Parcel Post Rates to and from Cassiar, B.C.**—Postmasters are reminded that parcels mailed at or addressed for delivery at Cassiar, B.C., which is served by the Watson Lake Air Stage Service, are subject to postage at the rate of 30c. for the first pound and 25c. for each additional pound or fraction of a pound.

(3) **Summer Mail Service to Yukon.**—Navigation in the Yukon is expected to open about June 1. Surface conveyance of mail in the Yukon will then be resumed and Summer Service Parcel Post rates to the Yukon will be in effect.

Postmasters will please give the above every publicity.

(4) **Air Mail Service to Hawaii.**—It has been observed that air mail from Canada to Hawaii is not at all times accorded the proper routing.

Postmasters are reminded therefore that air mail for Hawaii should be forwarded to Vancouver for onward transmission.

(5) **International Registered Articles—Use of Stronger Covers.**—A complaint has been received from the Postal Administration of Uruguay in regard to the receipt in their service of registered items containing articles of value, in badly damaged condition due to the very flimsy type of envelopes or covers used, with consequent loss of contents in transit. This results in extensive and costly enquiries by the Administrations concerned.

Registration clerks therefore should draw the attention of mailers of registered items addressed for delivery in distant countries, to the need, in their own interests, of using covers of sufficient strength to withstand the handling processes necessary in course of conveyance over long distances. (See Section 312 of the Canada Official Guide).

(6) **Registered Mail to Bear Name and Address of Sender.**—Reports have recently been received of difficulty and delay in tracing undelivered registered articles which could have been avoided, had the name and address of the mailer appeared on the items, as provided by the regulations of the Universal Postal Union.

Wicket clerks, when accepting mail for registration, are therefore to examine the articles, and if the sender's name and address do not appear thereon, the latter is to be courteously requested to furnish this information, in case it may be required to facilitate tracing in the event of non-delivery.

The name and address of the mailer should be written in the upper left hand corner of the front, or on the back of the registered article.

(7) **Nyasaland, Northern Rhodesia and Southern Rhodesia—Addressing of Mail.**—As a result of the federation of Nyasaland, Northern Rhodesia and Southern Rhodesia mail intended for delivery at places in these territories should be marked, in addition to the particulars previously used, "Federation of Rhodesia and Nyasaland".

Whenever possible mailers should be informed accordingly.

(8) **Similarity in Post Office Names.**—The Postmaster, Mendham, Sask., reports that a considerable quantity of mail is received at his office addressed for delivery at McMahon, Sask., and Meacham, Sask.

A considerable quantity of mail intended for delivery at Whitelaw, Alberta, is also being received at Whitlea, Alberta.

Particular care is to be exercised in the sorting of mail for these Post Offices.

As complaint has been received that mail addressed "Gordon Lake, Ontario" is being routed to the Gordon Bay Post Office, all concerned are requested to exercise greater care in the handling of mail addressed to the Gordon Lake Post Office.

Care should also be exercised in the sortation of mail for Isle-Verte, P.Q., Isle-Verte-Ouest, P.Q. and Riviere-Verte, P.Q.

Section 505 (a)—substitute the following:

OUTGOING unpaid or insufficiently prepaid letters for other countries are to be forwarded marked by the despatching exchange office with the letter "T" (tax to be paid) in the middle of the upper part of the address side, and beside it in very legible figures DOUBLE THE AMOUNT of deficient postage expressed in francs and centimes. The charge may not be less than 10 centimes. This represents the charge to be collected on delivery (1 cent is equivalent to 3 centimes).

When letters or postcards, unpaid or insufficiently prepaid, are habitually mailed in large numbers, the sender should be advised of the correct amount of postage required and an endeavour made to collect proper postage.

Unpaid or insufficiently prepaid AIR MAIL is to be treated in accordance with the regulations governing unpaid or insufficiently prepaid mail generally.

Insufficiently prepaid AIR MAIL prepaid less than 75% of the required postage is accorded air transmission from the office of origin to the despatching exchange office for surface transmission beyond Canada to destination.

When insufficiently prepaid AIR MAIL bears 75% or more of the required postage, it is sent forward to destination by air rated for the collection of deficient postage in the normal way.

## **INFORMATION FOR POSTMASTERS**

(1) **Datestamping and Backstamping of Registered Mail**—The need of ensuring clear impressions in the datestamping and backstamping of registered mail, whether at the despatching, intermediate, or delivery offices, is a point which cannot be emphasized too strongly throughout the Service.

Too frequently difficulty is experienced in deciphering indistinct, blurred, or faint datestamp impressions on registered mail which in most instances can be attributed to the use of untidy datestamps as well as to slipshod performance by the employee concerned.

Registered mail is to be datestamped or backstamped in accordance with the following procedure:—

**OFFICE OF MAILING**—Registered articles must be datestamped and backstamped at the time of mailing with the steel dating stamp.

In addition to cancelling the postage stamps, one impression of the datestamp is to be placed on the address side, and two impressions are to be placed on the flap at the back, so that they will be partly on the flap and partly on the back of the envelope at the point where the sealed edges meet.

**AT INTERMEDIATE OFFICES AND OFFICE OF DELIVERY**—Each registered article "passing through" or received at an office for delivery therefrom must be legibly datestamped once with the steel dating stamp so that the impression of the stamp will be partly on the flap and partly on the back of the envelope or cover. Care must be taken not to interfere with any other datestamp impressions on the back of the envelope or cover.

**USE OF A RUBBER STAMP**—If a clear impression of the steel dating stamp cannot be made because of the pliant nature of the contents or if there is a possibility of damaging fragile items, a rubber dating stamp may be used, but only in these exceptional circumstances.

**LEGIBLE IMPRESSION**—It is opportune to stress again the importance of keeping stamps in a clean condition at all times in order to ensure that a clear impression will result.

(2) **"Requests" on Undeliverable Third Class Mail to be Observed.**—Postmasters are instructed to exercise care in seeing that any requests appearing on undeliverable third class mail, for the return of the items to a given address, are fully complied with.

(3) **Transmission of Honey Bees by Parcel Post.**—Postmasters are informed that honey bees must not be accepted for transmission in the mails if baggage car service or catch-post service is necessary. Shippers should consult the District Director of Postal Service for information as to places to which honey bees may be sent. (See Section 189 of the Postal Guide.)

(4) **Similarity in Post Office Names**—The Postmaster, Triton West, Green Bay, Nfld., advises that a considerable amount of mail is received at his office addressed to Tilton, Conception Bay, Nfld. While the correct Post Office name for Triton is Triton West, it is generally known as Triton and 95% of the mail is addressed "Triton".

Triton West, G.B. is served from Badger weekly via courier in winter and by steamer S.S. Glencoe and motor vessel Codroy in summer. Tilton C.B. is served tri-weekly from Spaniards Bay which in turn is served by the Carbonear-St. John's motor vehicle service.

It is also observed that a considerable quantity of mail is being received at Munson, Alberta, addressed to Manson, Manitoba, and Mulhurst, Alberta.

The Postmaster, Cherry Valley, P.E.I., advises that a considerable quantity of mail is received at his office addressed to Cherry Valley, Ontario.

A considerable quantity of mail addressed to Aylmer East, P.Q. is being received at Alymer West, Ont., Post Office.

Particular care is to be exercised in the sortation of mail for these Post Offices.

### INFORMATION FOR POSTMASTERS

(1) **Change in Treatment of Undeliverable Publications Mailed in the United States.**—In future the following procedure is to be followed when publications, mailed by publishers in the **United States** are **refused** or **REMAIN UNDELIVERABLE FOR FOUR WEEKS**:

1. If the publications do **not** bear the pledge of the sender to pay return postage, the Postmaster will—
  - (a) tear off the cover, envelope or wrapper bearing the old address.
  - (b) affix a form 29B marked with the reason for return and plainly date stamped, to each such cover, envelope or wrapper, near the old address but not over it.
  - (c) enclose these in an envelope for each respective publisher.
  - (d) seal the envelope and forward it taxed at the rate of 2c. for each cover, envelope or wrapper contained therein.
  - (e) destroy any further copies of the publications involved which are received bearing the old address after the above notices have been sent.
2. If the publications **do** bear the pledge of the sender to pay return postage, the Postmaster will—
  - (a) immediately return each undeliverable copy or bundle to the sender, rated for postage due at the third class rate (when the weight does not exceed 6 lbs. 9 ozs.) or at the parcel post rate if the above limit of weight is exceeded.
3. If the addressee of a publication mailed in the United States, has moved and filed a change of address, the Postmaster at the office of delivery will—
  - (i) redirect the publication to the new address,
  - (ii) immediately notify the publisher of the new address of the addressee on Form 67B (which is to be endorsed "2c postage due") quoting the name, address and all numbers and letters appearing on the address label or wrapper. Form 67B is to be plainly date stamped.
  - (iii) if the publication continues to arrive bearing the old address after Form 67B has been sent and sufficient time has elapsed to allow the publisher to change the address, the copies are then to be treated as outlined in section (1) of section (2) above.

(2) **Amended C.O.D. Tags 1 and 5.**—Representations have been received that frequently difficulties have been experienced in stamping the date of receipt of C.O.D. parcels on the back of the accompanying tag, due to the manner in which the tag is attached or affixed.

To overcome this difficulty, C.O.D. Tags 1 and 5 have been revised to permit the **date of receipt** at the delivering Post Office to be stamped on the face at the top of Section 4.

With the introduction of the revised tags, the office of mailing will place an impression of the date-stamp in each square on the face of C.O.D. Tags 1 and 5, **except** for the square at the top.

The office of destination will date-stamp the square at the top on the face of Section 4 to indicate date of receipt.

Upon **delivery**, the date of delivery should be date-stamped in the square on the back of Section 4.

It will also be noted that all the spaces for date-stamping on the face of the tags have been moved from the left to the right.

(3) **Letter Carrier Delivery Service Established at Renfrew, Ontario.**—A letter carrier delivery service has been established at Renfrew, Ontario, and the name of this post office should be added in alphabetical order to the list in Section 274, Page 75 of the Postal Guide at which points letters and parcels prepaid for special delivery may be delivered by special messenger.

(4) **Letter Carrier Delivery Service Established at Yarmouth, Yarmouth North, Yarmouth South, and Salem, Nova Scotia.**—A Letter Carrier Delivery Service has been established at Yarmouth, Yarmouth North, Yarmouth South, and Salem, N.S., with delivery emanating for these points from Yarmouth. The name of the Yarmouth Post Office should be added in alphabetical order to the list in Section 274, Page 75 of the Postal Guide at which points letters and parcels prepaid for special delivery may be delivered by special messenger.

\* Winter only. †Parcel post service suspended during winter.

The ordinary (surface) rates of postage apply to all classes of mail conveyed to and from other Post Offices in Canada served by air stage service not included in the foregoing list.

NOTE.—Schedule D—Aiyansh, second class matter, ordinary surface rates.

(6) **Similarity in Post Office Names.**—The Postmaster, Petawawa, Ontario, reports the receipt at his office of a considerable quantity of mail addressed to Petawawa Camp, Ontario.

Particular care is to be exercised to see that mail addressed to Petawawa Camp or Camp Petawawa is included with mail for the Military Post Office and not for the Civilian Post Office at Petawawa, Ontario.

The Postmaster, Victoriaville, P.Q. reports the receipt at his office of a considerable quantity of mail addressed to Ste-Clothilde-de-Chateauguay, P.Q., and Ste-Clothilde-de-Beauce, P.Q. While Ste-Clothilde, P.Q. is served by Victoriaville, Ste-Clothilde-de-Chateauguay is served by Montreal-Huntingdon R.P.O. only. Ste-Clothilde-de-Beauce is a local name—the Post Office name is Corriveau—Mail addressed to Ste-Clothilde-de-Beauce should therefore be sent to St-Ephrem-de-Beauce, P.Q.

The Postmaster, Lomond, Alberta, also reports the receipt of a considerable quantity of mail at his office addressed to Lamont, Alberta. Particular care is to be exercised in the sortation of mail for these Post Offices.

(7) **Czechoslovakia—Duty Free Entry of Gift Medicines.**—The conditions of entry outlined in the June Supplement, 1952 will apply to medicines sent as gifts to Czechoslovakia, admitted free of Customs duty, until 31 December, 1954.

(8) **Hungary—Conditions of Entry of Gift Parcels.**—Information has now been received from the authorities in Hungary that certificates of disinfection are no longer required with gift parcels containing wearing apparel sent to that country.

The Customs authorities in Hungary require that a detailed list of the contents be enclosed in gift parcels destined to Hungary. This is in addition to the adhesive Customs Declaration Form 91B and the non-adhesive Customs Declaration 15B which must also accompany such parcels in the usual way.

It is also stated that the relative Customs duties in Hungary have been reduced.

Interested mailers should be informed accordingly.

(9) **Commonwealth Reply Coupons. Increased Selling Price in Canada.**—Effective the 15th June 1954 the selling price of Commonwealth Reply Coupons in Canada will be increased from 5 cents to 6 cents each coupon.

Commonwealth—International—Postal Union of the Americas and Spain Reply Coupons received in Canada will be exchangeable in Canada for Canadian Stamps as follows:

Type of Reply Coupon	Exchange Value in Canadian Postage	Selling Price in Canada
Commonwealth	5 cents	5 cents
International	6 cents	12 cents
Postal Union of Americas and Spain	5 cents	Not sold in Canada

6c. Commonwealth Reply Coupons have been distributed to Postage Stamp Depots. Postmasters who experience a demand for these items from patrons must requisition for their requirements immediately. 5c. Commonwealth Reply Coupons must not be sold to patrons on or after the 15 June 1954. All 5c. Commonwealth Reply Coupons must be returned for credit.

Accounting Post Offices are to return the 5c. Commonwealth Reply Coupons direct to the Financial Branch, marked for "Postage Stamp Division" and credit for their value must be claimed at item 22D of the Cash Account as instructed in the Manual of Financial Procedure, Part 3, Chapter 3, Section 40. Non-Accounting Post Offices are to forward surplus stocks of these items to their Distributing Center for the purchase of other needed items.

(10) **Czechoslovakia—Conditions of Entry of Gift Parcels and Letter Packages.**—As indicated in the September 1953 Supplement, gift parcels containing used clothing, linen or footwear must be accompanied by a certificate of disinfection enclosed in the parcel, the cover of which should be marked "Certificate of Disinfection Enclosed".

It should be specially observed that the enclosure in parcels of soldered or otherwise hermetically sealed metal containers of food or other articles except medicine, is prohibited.

When accepting gifts destined to Czechoslovakia, Postmasters and other employees concerned are to check carefully to ensure compliance with these regulations of the Czechoslovak authorities, in order to avoid return of the articles at the mailers expense.

The above conditions of mailing also apply to letter packages addressed to Czechoslovakia.

(11) **International Air Mail Service for Other Articles (A.O.).—Articles Other Than Letters, Postcards and Parcels.**—Air mail service is available to Great Britain only, at the postage rate of 10c. for each ounce or fraction for "Other Articles", that is all International mail matter other than letters, postcards, and parcels, i.e. "Printed Matter", "Commercial Papers", "Samples", "Newspapers" or "Literature for the Blind".

The general regulations of the service regarding surface mail of each class will apply. They must not contain anything in the nature of a current letter and must not be sealed against inspection. They must be clearly superscribed in the upper left-hand corner of the cover for the particular service intended, namely, "Printed Matter", "Commercial Papers", "Samples", "Newspapers" or "Literature for the Blind".

A blue air mail label obtainable free of charge at any post office, must be affixed to each air mail item at the top left-hand corner on the address side.

These air mails are to be forwarded to "Montreal B. & F." for onward transmission in the same manner as first class air mail for Great Britain.

(12) **International Air Parcel Post Service.**—Postmasters are reminded that the international parcel post service includes air parcels mailed in Canada addressed to the following countries.

A blue air mail label must be affixed close to each address.

These air parcels are to be forwarded by air to the despatching exchange offices indicated below in the same manner as first class air mail for the countries concerned.

## AMENDMENTS TO 1952-53 CANADA OFFICIAL POSTAL GUIDE

### PART I

Postmasters will amend their copies of the Postal Guide as follows:

*Page 131—Section 624—delete and substitute the following:*

#### 624. UNITED STATES PUBLICATIONS UNCLAIMED, REFUSED OR REQUIRING REDIRECTION

The following procedure is to be followed when publications, mailed by publishers in the *United States* are *refused* or **REMAIN UNDELIVERABLE FOR FOUR WEEKS**:

1. If the publications do *not* bear the pledge of the sender to pay return postage, the Postmaster will—
  - (a) tear off the cover, envelope or wrapper bearing the old address;
  - (b) affix a form 29B marked with the reason for return and plainly date stamped, to each such cover, envelope or wrapper, near the old address but not over it;
  - (c) enclose these in an envelope for each respective publisher;
  - (d) seal the envelope and forward it taxed at the rate of 2¢ for each cover, envelope or wrapper contained therein;
  - (e) destroy any further copies of the publications involved which are received bearing the old address, after the above notices have been sent.
2. If the publications *do* bear the pledge of the sender to pay return postage, the Postmaster will—
  - (a) immediately return each undeliverable copy or bundle to the sender, rated for postage due at the third class rate (when the weight does not exceed 6 lbs. 9 ozs.) or at the parcel post rate if the above limit of weight is exceeded.
3. If the addressee of a publication mailed in the United States, has moved and filed a change of address, the Postmaster at the office of delivery will—
  - (i) redirect the publication to the new address.
  - (ii) immediately notify the publisher of the new address of the addressee on Form 67B (which is to be endorsed "2¢ postage due") quoting the name, address and all numbers and letters appearing on the address label or wrapper. Form 67B is to be plainly date stamped.
  - (iii) if the publication continues to arrive bearing the old address after Form 67B has been sent and sufficient time has elapsed to allow the publisher to change the address, the copies are then to be treated as outlined in section (1) or section (2) above.

### INFORMATION FOR POSTMASTERS

(1) **Third Class Matter Sealed Against Inspection**—It has been reported that large envelopes endorsed "PRINTED MATTER ONLY" and *completely sealed against inspection* are being mailed prepaid at the third class rate of postage.

It is believed that some Postmasters are under the impression that this procedure is permissible under the provisions of Section 120 of the Postal Guide but such is not the case.

Envelopes containing bulky third class matter may be secured with one, or possibly two, pieces of gummed paper tape across the flap of the envelope, to prevent escape of the contents but if the envelope is completely sealed in the regular way or entirely closed against inspection by means of gummed tape along the full length of the flap, such items are liable to the letter rates of postage and should be treated in accordance with the instructions contained in the last paragraph of Section 120 of the Postal Guide.

(2) **Reason for Non-Delivery to be Indicated**—Postmasters are reminded that undeliverable third class matter, as well as all other mail, which is returned to the senders, must be endorsed with the reason or non-delivery.

(3) **Similarity in Post Office Names.**—The Postmaster Danville, P.Q. reports the receipt at his office of a considerable quantity of mail addressed to Dunnville, Ontario, Deauville, P.Q. (formerly Petit Lac Magog) and Douville, P.Q. non Post Office Point.

Rivers Inlet B.C. is a non Post Office point and mail addressed to Rivers Inlet should be sent to Vancouver for distribution.

Particular care should be exercised in the sortation of mail for Goose Bay Cannery, Rivers Inlet, B.C. and Goose Bay (Goose Airport), Labrador.

Care should also be exercised in the sortation of Mail for the following Post Offices:—

A considerable quantity of mail addressed to Stanley, N.B., also Stanley, B.C., is being missorted to Mosherville, N.S., distributing centre for Stanley, N.S., (a non post office point).

Particular care should be exercised in the sortation of mail so addressed in order to eliminate missendings.

**(4) Indonesia—Commercial Parcel Post Service Resumed.**—The Postal administration of Indonesia has announced that commercial parcels will now be admitted to that country subject to the weight limit of 11 lb.

Import permits must be obtained in advance by the addressees in Indonesia from the competent authorities. The mailers must indicate the number and date of the import permit on the copy of the invoice enclosed in the parcel, as well as on the three copies of customs declaration 15B which accompany each parcel.

Mailers should be informed that commercial parcels will be accepted for transmission to Indonesia, under the conditions outlined above.

**(5) International Air Parcel Post—Hong Kong.**—Due to the increased charges which Canada is required to pay for the conveyance of air parcels to Hong Kong, the rates of postage on air parcels to Hong Kong have been altered and effective the 1st August, 1954 will be as follows:

\$1.80 first 8 ounces  
.70 each additional 4 ounces.

**(6) New Zealand—Prohibitions.**—It should be noted that the importation into New Zealand of meat in any form is prohibited, except under permit obtained in advance from the Minister of Agriculture of that country.

Mailers should be informed accordingly.

**(7) Export Permit Regulations Governing Gift Parcels and Letter Packets for Delivery in Other Countries.**—Information has been received from the Export and Import Permits Section, Department of Trade and Commerce, Ottawa, that the Export Regulations governing gift parcels and letter packets mailed to other countries have again been amended and now read as follows:

1. Gift parcels of \$25.00 or less in value destined to Albania, Bulgaria, China, including Manchuria but excluding Taiwan (Formosa), Czechoslovakia, Germany (Soviet Zone only), Hungary, North Korea, Poland, Roumania, Union of Soviet Socialist Republics, Hong Kong, Macao and Tibet do not require an individual export permit provided the contents are for the personal use of the addressee, and that not more than one such gift parcel per month is sent to the same addressee by the same sender. Parcels should be clearly marked by the senders "Gift, General Export Permit No. Ex. 1". It should be especially noted that there is no parcel post or letter packet service at present to U.S.S.R., North Korea or China (Except Formosa).

**(7) Export Permit Regulations Governing Gift Parcels and Letter Packets for Delivery in Other Countries.—Concluded**

2. Gift parcels exceeding \$25.00 in value destined to the above countries must be accompanied by an Export Permit. The Customs authorities at the nearest Customs Office should be consulted.

3. Gift parcels not exceeding \$50.00 in value addressed to countries other than those mentioned above do not require an Export Permit.

4. In the case of gift parcels valued at more than \$50.00 addressed to countries not listed above, mailers should consult the nearest Customs Office for information.

5. Gift parcels containing precision instruments require an individual export permit when consigned to any country.

Export Permit application forms may be obtained from any Customs Office or from the Export and Import Permits Section, Department of Trade and Commerce, Ottawa, Ont.

**(8) International Reply Postcards from Sweden**—Swedish mailers of International Reply Postcards have complained to the Postal Administration of Sweden that certain post offices in other countries do not accept as valid, the prepayment with Swedish postage, of the reply halves of such reply prepaid cards, although the articles comply with requirement of the regulations as outlined in Section 532, page 116 of the Postal Guide.

Postmasters and all others concerned are therefore reminded that the reply halves of International reply-paid postcards prepaid with imprinted postage, or postage stamps, of the country of origin are to be accepted as fully prepaid for return to the mailers, provided that the two halves of the cards were attached when received in Canada.

**(9) Roumania—Gift Parcels.**—Under the regulations of the authorities in Roumania persons in that country may receive gift parcels from other countries subject to the following conditions:

1. The articles must be for personal use only.
2. The total weight of parcels is restricted to 4 lb. 6 oz.
3. Only one parcel per month may be received by one addressee.
4. The regulations of Roumania require that a detailed statement of the contents of gift parcels for delivery in that country be affixed to the wrapper of the parcel, and another be attached to the non-adhesive Customs declaration 15B which accompanies parcels to Roumania. This is of course in addition to the detailed list of contents given on the Customs declaration.
5. The contents of parcels are liable to customs duty in Roumania.
6. Parcels must be mailed by individuals only, as those mailed by, or on behalf of, commercial concerns or organizations of any kind are not admitted by the Roumanian authorities.
7. Foodstuffs and medicines must not be enclosed in gift parcels.
8. Used clothing must be accompanied by a certificate of disinfection.
9. The contents of parcels are limited to the articles and quantities mentioned below:

#### I. CLOTHING

Parcels which do not comply with the conditions enumerated above as well as those which prove undeliverable for any reason are returned to the senders, at their expense, or treated as abandoned if the senders' disposal instructions are to this effect.

Mailers should be informed of these regulations.

**(10) Extension of International Air Parcel Post Service.**—Effective the 1st August, 1954, the present international air parcel post service will be extended to include air parcels mailed in Canada addressed to Finland, India and Pakistan.

A blue air mail label must be affixed close to each address.

These air parcels are to be forwarded by air to Montreal B & F in the same manner as first class air mail for the countries concerned.

Country	Rates of Postage
Finland.....	\$1.50 first 8 ounces .50 each additional 4 ounces
India }.....	\$2.50 first 8 ounces
Pakistan }	.90 each additional 4 ounces

The general regulations of the surface parcel post service to the countries concerned will apply to air parcels, e.g. as regards maximum weight and dimensions, customs declarations, export licensing and currency control, etc., with the exception of insurance service which will not be available for air parcels.

**(11) Rate of Postage on Postage Stamps.**—Effective immediately, shipments of cancelled and uncanceled postage stamps, except uncanceled Canadian or United States postage stamps, originating in Canada, addressed for delivery in Canada and other countries may be mailed at the parcel post rates applicable in each case.

Shipments of postage stamps prepaid at parcel post rates are not acceptable for insurance.

Shipments of unused Canadian or United States postage stamps, regardless of destination, will continue to be subject to letter rates of postage. If protection is desired they must be registered.

The inclusion of any such unused Canadian or United States postage stamps in any other postage stamp mailing will render the whole shipment liable to letter rates of postage.

The foregoing rates apply to all mailings of postage stamps whether posted by stamp dealers or the general public and they will be subject to the existing import regulations of the country of destination.

A suitable amendment to the Postal Guide respecting the above is published in this Supplement.

The above replaces Notice No. 3 appearing in Weekly Bulletin No. 1736 of the 19th June 1954 and the amendment to the current Postal Guide which appeared in the July 1954 supplement.

**(12) Roumania—Entry of Gifts by Letter Mail Prohibited.**—The Roumanian Authorities have now prohibited the entry by letter mail of articles sent as gifts to that country. Such articles will be admitted only as parcel post under the conditions outlined in notice No. 9 above.

In the circumstances gift letter packets are no longer to be accepted for transmission to Roumania.

## AMENDMENTS TO 1952-53 CANADA OFFICIAL POSTAL GUIDE

## PART I

Postmasters will amend their copies of the Postal Guide as follows:

*Page 140*—Section 662—add the following:—

**DESPATCH NOTES (BULLETIN D'EXPEDITION) ACCOMPANYING  
PARCEL POST PARCELS FROM OTHER COUNTRIES.**

Despatch Notes accompanying parcels from other countries should remain with the parcels and be delivered to the addressee.

In the case of parcels which are undeliverable the Despatch Note should still be left attached to the parcel and returned with the parcel to the country of origin.

Although these forms have a space provided for the addressees acknowledgement of receipt, the Canadian Postal Service does not undertake to return such forms to the senders and therefore, they do not require the signature of the addressee on delivery. In this respect they are not to be confused with the International "Acknowledgment of Receipt Form" (A.R. Card).

The number of packages in the consignment and the total weight, as well as the value in dollars or the currency agreed upon by the exporter and the importer must also be indicated. If the shipment is registered, the registration number must also be shown on the invoice.
2. A copy of the commercial invoice shall be transmitted by the exporter, by air mail when possible, direct to the Postal Administration of destination, and not to the International Section of the Department of Communications in accordance with previous procedure.
3. The label of each package, whether sent by ordinary or registered mail, shall bear an indication of the number of books enclosed and the weight of the package, as well as the number of packages in the shipment.
4. Non-compliance with the above conditions will result in non-delivery, and the return of the articles to the sender after 30 days.

**(10) Austria—Registered Articles Improperly Marked Received from Abroad.**—The Postal Administration of Austria has reported the receipt of registered articles originating in other countries which are not prepared in accordance with the regulations.

Registered articles must bear a clear impression of the "Registration No." stamp, and the registration number in legible figures, at the left side of the face of the envelope. The impression of the date stamp must also be clear and distinct, as an indication of the office of origin of the article.

Proper attention to the details mentioned should remove any cause for such complaints from other postal administrations.

\* Winter only. † Parcel post service suspended during winter.

The ordinary (surface) rates of postage apply to all classes of mail conveyed to and from other Post Offices in Canada served by air stage service not included in the foregoing list.

NOTE.—Schedule D—Aiyansh, second class matter, ordinary surface rates.

(2) **Third Class Matter Sealed Against Inspection**—The attention of Postmasters is directed to notice No. 1 published in the July 17th issue of the Post Office Weekly Bulletin.

It has also been reported that fourth class matter, particularly rolls of exposed film, enclosed in envelopes (not in package form) completely sealed against inspection are being mailed prepaid at parcel post rates.

This procedure is not permissible. Envelopes containing bulky third class or fourth class matter may be secured with one, or possibly two, pieces of gummed tape across the flap of the envelope, to prevent escape of the contents but if the envelope is completely sealed in the regular way or entirely closed against inspection by means of gummed tape along the full length of the flap, such items are liable to the letter rates of postage.

(3) **Model Dater Year Bands**.—The Purchasing and Stationery Division requests that those concerned carefully examine their model dater to find out if the year "1955" appears on the bands, and if not, the dater should immediately be forwarded to the Superintendent, Purchasing and Stationery Division, Ottawa, so that new bands may be placed thereon.

(4) **New Post Office at Wonowon, B.C.**—A new Post Office has been established at Wonowon, B.C., and is served by the Alaska Highway Motor Vehicle Service.

Parcels mailed at or addressed for delivery at Wonowon, B.C., are therefore subject to postage at the rate of 25 cents per pound or fraction thereof.

(5) **Alaska Highway Motor Vehicle Mail Service**.—Postmasters are reminded that parcels mailed at or addressed for delivery at points served via the Alaska Highway Motor Vehicle Service are subject to postage at the rate of 25 cents per pound or fraction of a pound.

The following Post Offices are served via the above motor vehicle service:

Fort Nelson, B.C.  
Lower Post, B.C.  
Muskwa, B.C.  
Pink Mountain, B.C.  
Wonowon, B.C.  
Haines Junction, Yukon  
Swift River, Yukon  
Teslin, Yukon

In addition, there are a number of non-Post Office points designated as "Mile Post No....." which are served by the Alaska Highway Motor Vehicle Service.

Mail intended for persons or firms at these non-Post Office points is usually addressed as follows:

John Doe, Esq.,  
Mile Post No.....  
Via Alaska Highway M.V.S.

Postmasters must exercise care in seeing that any parcels addressed as above via the Alaska Highway Motor Vehicle Service which are presented for mailing at their offices are properly prepaid at the rate of 25 cents per pound or fraction of a pound.

**(6) Similarity in Post Office Names.**—The Postmaster, Princeville, P.Q., reports the receipt at his office of a considerable quantity of mail addressed to Priceville, Ontario, Pierreville, P.Q. (Co. Yamaska) and the former post office Priceville, P.Q. (Co. Matane) which has been changed to Price, P.Q.

The Princeville, P.Q., Post Office serves St.-Norbert d'Arthabaska, P.Q., and Ste.-Helene-de-Chester P.Q. and the Postmaster Princeville, P.Q., also advises that he receives mail addressed to St-Norbert (Berthier) P.Q. and St-Norbert, Man. Mail addressed to Ste-Hélène-de-Bagot, P.Q., Ste.-Hélène-de-Kamouraska, P.Q. and Ste.-Hélène-de-la-Croix, P.Q. is being forwarded to Ste-Hélène-de-Chester, P.Q. in error.

Particular care should be exercised in the sortation of mail for these Post Offices.

The Postmaster at Cranbrook, B.C. also advises that mail addressed to Grantbrook, B.C., and North Clearbrook, B.C. is being received at his office.

Grantbrook is a non-Post Office point in the Caribo District of British Columbia while North Clearbrook is a non-Post Office point in the vicinity of Abbotsford, B.C.

Particular care should be exercised in the sortation of mail for these points.

A considerable quantity of mail is being missorted for Centralia, Ontario and RCAF Station, Centralia, Ontario.

Mail for these two Post Offices, if not properly separated, creates unnecessary delay and particular care is to be exercised in the sortation of mail for Centralia, Ontario and RCAF Station, Centralia Post Offices.

The Postmaster at Rabbit Lake, Sask., reports the receipt at his office of a considerable quantity of mail addressed to Rabbit Lake, Ontario, a non-Post Office point served by Kenora, Ontario.

Particular care is to be exercised to see that mail addressed to Rabbit Lake, Ontario is forwarded to Kenora, Ontario for distribution.

**(7) Export Permit Regulations Governing Gift Parcels and Letter Packets for Delivery in other Countries.**—In accordance with information received from the Export and Import Permits Section, Department of Trade and Commerce, Ottawa, the list of countries included in paragraph 1, of the notice on this subject in the August 1954 supplement, should be amended by inserting in alphabetical order Cambodia, Laos, and Viet-Nam (formerly French Indo-China).

These are countries to which gift parcels valued at \$25.00 or less may be sent under General Export Permit No. Ex. 1.

(8) **Parcel Post Rates to Other Countries**—Postmasters will find hereunder a revised Table of Parcel Post Rates from Canada to other Countries.

(3) **Similarity in Post Office Names.**—The Postmaster, St-Lambert-de-Levis, P.Q., reports the receipt at his office of a considerable quantity of mail addressed to St-Lambert, P.Q., and in some cases St-Lambert, Chambly, P.Q.

As the houses in St-Lambert-de-Levis, are not numbered nor the streets named it is obvious that mail bearing house numbers and street names addressed to St-Lambert, P.Q. is intended for delivery through the Montreal, St-Lambert Postal Station and such mail should be forwarded to Montreal for distribution.

The Postmaster at New Hazelton, B.C., reports the receipt at his office of a considerable amount of mail addressed to Hazelton, B.C.

Particular care is to be exercised in the sortation of mail for these Post Offices.

A considerable quantity of mail intended for Malahat, B.C., is being misssent to Muchalat, B.C.

The Postmaster, Noranda, P.Q., also reports the receipt at his office of a considerable quantity of mail addressed to Normandin, P.Q.

Particular care is to be exercised in the sortation of mail for these Post Offices.

In the October Supplement under the caption "Similarity in Post Office Names" it was mentioned in error that North Clearbrook, B.C., was a non Post Office point. North Clearbrook is a Post Office formerly named Pinecrest, B.C.

(4) **French Armed Forces in Viet-Nam, Laos and Cambodia—Gift Parcel Service.**—Gift parcels for members of the French Armed Forces in Viet-Nam, Laos and Cambodia may be accepted for surface transmission at the usual civil parcel post rates to France, and will be forwarded to that country for onward conveyance, provided the address includes the following particulars:—

Name, Rank, Unit, Number of Postal Sector, "T.O.E."

It is to be specially noted however, that gift parcels **cannot** be accepted for **air conveyance** to the French Armed Forces at the above destinations.

(5) **Western Germany—Gift Parcels.**—Gift parcels which comply with the import regulations in Germany as outlined in the March 1954 Supplement (amended in the June 1954 Supplement), are admitted to that country duty free and without an import permit.

Parcels which do not conform to the German regulations are however treated as ordinary parcels by German Customs. The addressee is required to obtain an import permit, and pay Customs duty and other import charges. The Customs authorities may confiscate certain articles prohibited importation, if they are not returned to the senders.

The attention of mailers should be directed to this information, which amends that in the Supplements mentioned above.

**(6) United States—Undeliverable Printed Matter other than Newspapers and Periodicals.—**

Undeliverable printed matter of United States origin which has no manifest value, whether bearing a return address (but no request for return) or not, is **not** to be returned to the United States, but is to be sent to the Regional Undeliverable Mail Office for disposal.

Postmasters and all others concerned should give this matter particular attention to avoid the irregular return to origin of unwanted articles.

**(7) Viet-Nam—Mail Service Suspended to Certain Post Offices.**—Information has been received that the following post offices in Viet-Nam (formerly French Indo-China) have been closed:

**Northern Viet-Nam:** Bacninh, Banyennhan, Buichu, Gialam, Hanoi, Hadong, Haiphong A, Hanoi RP, Hanoi C, Hanoi D, Hanoi Gare, Hanoi Aeroport, Kienan, Moncay, Namdinh, Ninhbinh, Sontay, Thaibinh, Tienyen;

**Central Viet-Nam:** Donghoi.

With the exception mentioned, mail of any kind addressed to these offices in Viet-Nam is not to be accepted for transmission.

**(8) Turkey—Use of Green Customs Label on Letter Packets.**—The Postal Administration of Turkey has requested that, in order to comply with their regulations, the value of the contents of letter packages containing dutiable articles originating in other countries for delivery in Turkey should be indicated on the green Customs label No. 185 affixed to such packages.

When accepting such articles addressed to Turkey (or any other country which admits them) the green label should be checked to ensure proper completion, as required by the regulations of the country of destination.

**(9) Panama—Receipt of Samples of Merchandise Having a Commercial Value.** The Postal Administration of Panama reports the receipt from other countries of samples of merchandise having a saleable value, contrary to postal regulations.

Clerks accepting sample mailings for transmission to other countries are therefore reminded of the regulations outlined in Section 575, page 123, of the Postal Guide excluding articles of saleable value from the sample mails, with the exception of the articles mentioned therein.

Except for the Articles in question, anything having a saleable value and which is to serve the purpose of a sample cannot be mailed at the sample rate, but must be posted in accordance with the regulations governing parcel post, or letter packages.

**(10) Germany—Soviet Zone and Soviet Sector of Berlin—Gift Parcels.**—The following regulations of the authorities of the Soviet Zone and the Soviet Sector of Berlin now apply to gift parcels for delivery within the territories mentioned.

1. Gift parcels can be sent only by individuals to individuals and cannot exceed the actual needs of the addressee and members of his household.
2. Group shipments, packed or forwarded by commercial or other organizations are not permitted entry as gifts.
3. The following articles are prohibited entry in gift parcels: shares and securities of all kinds; postage stamps; written or printed notes; subversive literature; obscene articles; children's toys of a military character; gramophone records, tape recordings; film, plates or paper for photographic purposes; geographical pictures and maps.
4. The entry of gifts in letter packets is prohibited.
5. Gift parcels must bear near the address the notation "Geschenksendung, keine Handelsware" (gift parcel, no articles for commercial purposes).
6. The articles enumerated below are limited to the quantities indicated:
 

Coffee.....	8½ oz.
Cocoa.....	8½ oz.
Chocolate.....	10½ oz.
Tobacco products.....	1¼ oz.
7. All articles enclosed in gift parcels are liable to the usual Customs duty.
8. In case of serious infraction of the import regulations, the whole of the contents of gift parcels, or the part not conforming to the regulations, is confiscated without compensation. The following are considered as serious infractions:
  - (a) if articles are concealed in a parcel with the purpose of evading the import authorities;
  - (b) if a parcel contains subversive matter;
  - (c) if parcels mentioned in (2) above are forwarded.
9. In cases of infractions other than those mentioned in (8) the parcels are returned to the senders.
10. Gift parcels in which the maximum weight of the articles enumerated in (6) is not exceeded by more than 100% may be delivered to the addressees subject to the payment of double the Customs duty on the excess quantity.

**(11) Czechoslovakia—Conditions of entry of gift parcels and Letter Packages.**—The following regulations of the Czechoslovak Administration now apply to gift parcels and letter packages sent to that country:

1. Articles intended exclusively for the personal use of the addressee and members of his family, or which correspond to the usual purposes of voluntary or other organizations are not subject to **import permit**, provided the value does not exceed \$280.00. (Gift parcels or letter packages mailed in Canada addressed to Czechoslovakia require an **export permit**, if the value exceeds \$25.00. See Weekly Bulletin of 10th July 1954).

2. Parcels containing used clothing, linen, footwear or other used wearing apparel **must be accompanied by a certificate of disinfection inserted under the wrapper of the parcel so that it may be seen when the parcel is opened. The wrapper and the Customs Declaration must be marked "Certificate of Disinfection enclosed"**. The certificate must be prepared by official establishments or in their absence by private concerns including dry cleaning firms.
3. The enclosure in parcels of soldered or otherwise hermetically sealed metal containers of food or other articles, **except medicine**, is prohibited.
4. Parcels which do not conform to the conditions mentioned in (2) and (3) above will be returned to the senders at their own expense, or considered as abandoned, according to the mailers instructions on the accompanying documents.
5. Exemption from Customs duty applies to gift parcels containing, for example:
  - (a) used articles in quantities corresponding to the needs of the addressee and members of his family.
  - (b) articles addressed to cultural, sporting or charitable organizations in accordance with the purposes of these bodies.
  - (c) medicines which comply with the conditions outlined in the Weekly Bulletin of 17th May 1952, until the end of 1954.
6. Parcels which conform to the following conditions are subject to moderate Customs duty:
  - (a) a maximum of six gift parcels can be sent annually from abroad to the same addressee.
  - (b) the articles mentioned below enclosed in any parcel cannot exceed the quantities stated:
 

Coffee.....	2 lb. 3 oz.

Up to the present, third class matter posted at or addressed for delivery at the above offices has been subject to the rate of 5c. for the first ounce and 3c. for each additional ounce or fraction.

Schedule "E", of Notice No. 1—Rates of Postage on certain Air Stage Services where higher postage rates apply—in the October 1954 Supplement to the Postal Guide, should be amended accordingly.

(2) **A New Post Office at Kinoosao, Saskatchewan, to be Served by Air Stage Service.**—A new Post Office has been established at Kinoosao, Saskatchewan, and will be served by the La Ronge-Northern Saskatchewan Air Stage Service on a frequency of two round trips per month.

The rates of postage applicable to mail conveyed to or from Kinoosao will be as follows:

First Class Mail	5 cents for the first ounce, 3 cents each ounce after.

Third Class matter	2 cents for the first two ounces and 1 cent for each additional two ounces, or fraction thereof, to each separate address.
Parcel Post	20 cents for the first pound and 15 cents for each additional pound or fraction of a pound.

(3) **Charlottetown-Magdalen Islands Winter Air Stage Service.**—Postmasters are reminded that with the closing of navigation (about December 14) the ordinary SURFACE mail service to the Magdalen Islands will be discontinued.

In the circumstances second, and fourth class matter mailed too late to connect with the last sailing to the Magdalen Islands will be liable to the following air stage rates of postage.

Second Class matter..... When mailed by the public, 2 cents for the first 4 ounces and 1 cent for each additional 4 ounces or fraction of 4 ounces, to each separate address.  
When mailed by publishers to subscribers and newsdealers—4 cents per pound.

Parcel Post..... 20 cents for the first pound and 15 cents for each additional pound or fraction of a pound.

(4) **Calendars.—To be Carefully Handled.**—At this time of the year business firms are preparing to mail quantities of calendars to clients and prospective customers throughout the country. The calendars are, in many cases, printed at considerable expense and are valuable not only to the recipient but to the business firm as an advertising medium.

It is important, therefore, that the calendars should be delivered carefully and Postmasters are requested to exercise care in the handling of these items during the course of post.

In the event of delivery not being effected and the calendar bears a return address on the cover, the calendar should be returned to the sender.

(5) **Changing of Date Stamp.**—The attention of Postmasters is directed to the necessity of changing their office date-stamp at the beginning of the new calendar year to read "1955".

(6) **Similarity in Post Office Names.**—A considerable quantity of mail addressed to Ville de Lery, P.Q., and Tracy, N.B., is being received at Ville de Tracy, P.Q.

Apparently mail addressed to Ville de Lery, P.Q., is intended for the former Post Office De Lery, P.Q., which is now closed to Chateauguay, P.Q.

The Postmaster Valleyfield, P.Q., reports the receipt at his office of a considerable quantity of mail addressed to Valleyfield, P.E.I., Valleyfield, B.B. Nfld., and H.M.C.S. Valleyfield, Quebec, Que., all non-Post Office points.

A considerable quantity of mail addressed to Boundary, Quebec, is being received at the Beaudry, Que., Post Office.

Boundary is a non-Post Office point situated 16 miles east of Megantic, Quebec, on the St. Jean-Montreal R.P.O. Particular care is to be exercised in the sortation of mail for these points.

Attention is directed to the similarity in the names of the following Post Offices—

Chute-à-Blondeau, Ontario; Prescott, Ontario; Picton, Ontario. (Co. Prescott).

Apparently missendings are due to the fact that the county "Prescott" is added to mail addressed to Chute-à-Blondeau, Ontario. Particular care should also be exercised in the sortation of mail for these Post Offices.

(7) **Hungary—Gift Parcels and Letter Packets.**—The following regulations of the Hungarian authorities now apply to gift parcels and letter packets addressed to that country:

1. Individuals in Hungary may receive from abroad without import permit gifts not exceeding 88 lbs. annually. One gift parcel not exceeding 20 lbs. (or a letter packet not exceeding 4 lbs. 6 ozs.) may be received in any month. The articles which may be sent and the permissible quantities are indicated in the list below.

2. Articles sent as gifts must be for the personal use of the addressee, or his family provided that the addressee certifies that the latter are members of his household.

3. Gift articles are subject to the Customs duty in Hungary shown in the list below as a percentage of the cost of the articles in Hungary.

4. Food in soldered tin cans or other hermetically sealed containers is prohibited entry to Hungary.

5. A detailed list of the contents must be enclosed in gift parcels or letter packages. This is in addition to the adhesive Customs declaration 91B and the non-adhesive Customs declaration 15B which accompany parcels, and the green customs label No. 135 which is affixed to letter packages. If possible the lists should be prepared in the Hungarian language.

6. Medicines are delivered to the addressee only on presentation of an official medical certificate.

7. Gift parcels which do not comply with these conditions are not delivered to the addressees, but are returned to the sender at his expense, unless he has indicated on the despatch note 16B and the Customs declaration 91B that the articles are to be treated as abandoned in case of non-delivery.

Mailers should also be reminded that if the value of gift parcels to Hungary exceeds \$25.00 an export permit issued by the Import and Export Permit Division, Department of Trade and Commerce, Ottawa, is required.

(8) **Portuguese India—Mail Service Suspended to Silvassa.**—Mail service to Silvassa (Damao District) Portuguese India is temporarily suspended owing to transportation difficulties.

All classes of mail (including parcel post) are therefore *not* to be accepted if addressed to Silvassa, until further notice.

(9) **French Armed Forces in Viet-Nam, Laos and Cambodia—Gift Parcel Service.**—Reference is made to the notice on this subject in the November, 1954, Supplement.

Gift parcels for personnel of the forces in question can now be accepted **only** for air conveyance to destination, via France. The usual air postal post rates to France of \$1.45 for first 8 oz. and 40 cents for each additional 4 oz. up to the limit of 10 lb. will apply.
